

I am well at this time
and I hope those friends
will find you the same
there is no use to express
my love to you for I
have a ten times told
you I hope you will
not find me at her
fellow for I have
seen you again but if
you do just tell me
and I will try and
keep him off until
you & I see you if you
will not have
I wish you would
not half to study
So long
